Attachment: Public notice document

83 1 1

On April 11, 2007, Graham County Electric Cooperative, Inc. ("GCEC") filed an application with the Arizona Corporation Commission (ACC) for an increase in revenues of approximately 22.89 percent. After hearing and evaluating all the evidence, the ACC issued Decision No. 70289 on April 24, 2008, authorizing an overall 7.18 percent increase for GCEC. For a typical residential customer using 775 kWh per month, this results in an increase in the monthly bill from \$86.59 to \$94.54. In addition, GCEC will no longer be offering 100 feet of free footage on line extensions, to improve GCEC's ability to recover the distribution costs associated with customer growth. The rates and charges for Graham County Electric Cooperative, Inc. will be as follows for service rendered on or after May 1, 2008.

PURCHASED POWER FUEL ADJUSTOR

The base cost of power in the current rates is \$.076509 per kWh as authorized by the ACC in Decision No. 70289 dated April 24, 2008. The Cooperative may increase or decrease customers' bills due to increases or decreases in the cost of purchased power from the base cost of power included in its rate schedule. The Cooperative must notify the Arizona Corporation Commission (ACC) of all such increases or decreases.
